P.O. Box 384255
Waikoloa, HI 96738

Contact Number: (808) 883-9029

E-mail: cynthiaevans@aol.com

Web Page:

It would be a privilege to represent you, and to continue to make efforts to find solutions to problems that we face. Overall, my goals are to:

- Ensure a strong economy
- Keep our communities safe
- Improve access to healthcare
- Provide quality education
- Maintain a healthy environment

I now have two years experience as State Representative, I think I have common sense, and I know I have a continuing commitment to our community.

My career includes over 14 years in the private sector and over 14 years in the public sector. I earned a degree from Evergreen State College in Washington State, and I paid for my education myself.

Hawaii is a great place to live. I know Hawaii is changing. I want to make it change in a positive way by examining the value and utility of new ideas and by making the most of its past and current successes.

I appreciate your support.
